

T&O Training Post Summary

Trust

The Newcastle upon Tyne Hospitals NHS Foundation Trust – RVI Trauma

Trainer name(s)

Mr Williams
Mr Aldridge

Job Summary

This post offers the opportunity for training in general trauma, complex upper limb trauma and both open and arthroscopic shoulder surgery. The trainee is able to choose the aspect of the job that they are most interested in and tailor the timetable towards either the trauma or elective aspects.

Both Mr Williams and Mr Aldridge are members of AO Faculty. All levels of trainee will find good training opportunity delivered with consultant supervision. These posts offer access to cadaveric simulation training courses at the Newcastle Surgical Training Centre (nstcsurg.org)

There is an active consultant led trauma education programme. Daily business trauma meetings are supplemented by a weekly educational MDT trauma meeting, with monthly journal club and a monthly hospital major trauma MDT review.

In addition to concentrated clinical trauma exposure, trauma research opportunities are available to those interested trainees. There is an active consultant led trauma education programme.
