

## T&O Training Post Summary

### Trust

Newcastle Upon Tyne Hospitals Trust

### Trainer name(s)

Mr Dave Fender, Mr John Andrews, Mr Paul Sanderson, Mr Guy Wynne-Jones, Mr Mike Gibson, Mr Alistair Irwin, Mr Andrew Bowey

### Job Summary

The orthopaedic spinal unit at the RVI deals with all aspects of spinal pathology including paediatric and adult deformity, primary spinal tumours, spinal trauma and infection as well as adult spinal pathology. The units longstanding commitment to excellence in training and education including at AO / international meetings as well as within the trusts cadaveric facility continues to inspire a number of local as well as national trainees to pursue careers in spinal surgery. This unique opportunity to be involved in such a wide variety of spinal pathology within a supportive training environment continues to be highly commended and sought after by both junior and senior trainees alike in one of our two registrar posts. For further information about the spinal unit including the research opportunities please do not hesitate to contact Mr Dave Fender.  
1 job Available for Feb 17
