

T&O Training Post Summary

Trust

The Newcastle upon Tyne Hospitals NHS Foundation Trust – RVI Trauma

Trainer name(s)

Mr Bliss
Mr Beckingsale

Job Summary

This job exposes trainees to the full range of orthopaedic trauma delivered in conjunction with colleagues as part of the MTC. The job also includes specialist referral for bone tumours, both primary and metastatic, presenting via the trauma service. Trainees will gain experience of investigating, diagnosing and treating unknown pathologic lesions. In addition there is exposure to complex tertiary referral paediatric trauma. Daily business trauma meetings are supplemented by a weekly educational MDT trauma meeting, with monthly journal club and a monthly hospital major trauma MDT review.

These posts offer access to cadaveric simulation training courses at the Newcastle Surgical Training Centre (nstsurg.org)

In addition to concentrated clinical trauma exposure, trauma research opportunities are available to those interested trainees. There is an active consultant led trauma education programme.
