

T&O Training Post Summary

Trust

The Newcastle upon Tyne Hospitals NHS Foundation Trust – RVI Trauma

Trainer name(s)

Mr Worlock
Mr Gray

Job Summary

This post offers exceptional training in all aspects of trauma including pelvic and acetabulum surgery, from senior fellowship trained Consultants. The post can be tailored to the educational needs of the trainee as consultant supervision is high. There are ample research opportunities as both trainers have higher degrees and a strong research pedigree. There is a trauma database with a research coordinator to help with audit and research projects. The department runs daily trauma management meeting with an educational MDT on Thursday. In addition there is an active consultant led trauma education programme. These posts offer access to cadaveric simulation training courses at the Newcastle Surgical Training Centre (nstcsurg.org)
