

## T&O Training Post Summary

### Trust

North Tees & Hartlepool NHS Foundation Trust

### Trainer name(s)

Mr Neil Bayliss  
Mr Rajesh Nanda

### Job Summary

This is a Shoulder & Elbow post. Both trainers are experienced in Open & Arthroscopic procedures and the timetable will provide ample clinical & operating opportunities with a strong emphasis on teaching. Mr Bayliss is lead for Education in the Trust. The trainee is expected to co-ordinate & run the Friday teaching program. The spectrum of work includes basic and complex Shoulder & Elbow Surgery including complex upper limb trauma. In addition the trainee will spend one week out of every six doing protected trauma. Both trainers provide opportunities for research and audit, and are involved in local and regional research committees and have been Principle Investigators on portfolio registered multicentre trials. There is also a departmental expectation that audits will be presented at Clinical Governance meetings. There are weekly consultant led teaching sessions on Tuesdays and Wednesdays.
