

T&O Training Post Summary

Trust

Northumbria Healthcare NHS Trust

Trainer name(s)

Jonathan Coorsh

Job Summary

This post offers experience in elective Foot and Ankle Surgery and general Trauma.

It can be tailored to suit either senior or junior trainees. Mr Coorsh has had experience training pre and post exam trainees since becoming a trainer in 2002.

Trainees would gain comprehensive experience in forefoot osteotomies, mid and hindfoot fusions, ankle arthroscopy and deformity correction.

Trainees would be encouraged to spend some time with allied healthcare professionals, who form part of the foot and ankle team. Trainees would be expected to take part in the regular unit meetings and will have the opportunity to take part in Audit and Research projects.

Trauma is currently managed at the new Northumbria Hospital and trainees will have the opportunity to gain experience in a busy dedicated trauma hospital. Elective commitments are cancelled during the trauma spell to dedicate time to trauma commitments.

Weekly timetable

Mon	Tues	Wed	Thurs	Fri
